If you're already a member, sign in by clicking on the 'Sign In' button in the top right corner of the page.

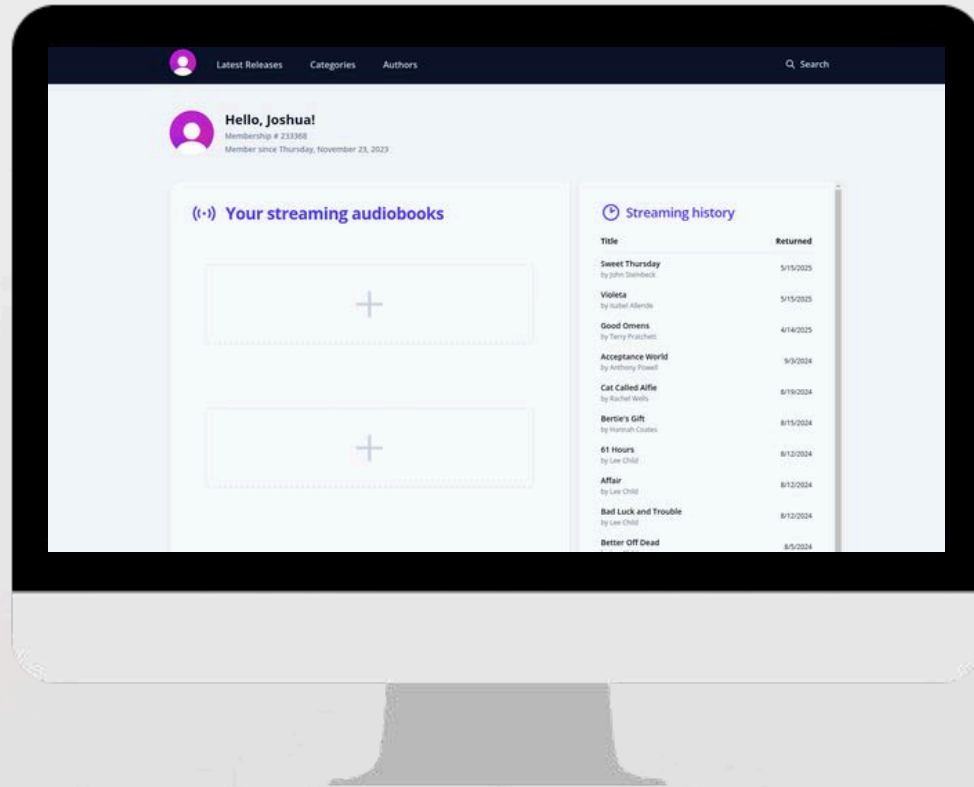

Log In

The log in page allows you to access your account and start playing books.

First, enter your email address if you have one, otherwise your membership number with "ca" at the front. For example, if your membership number is 123456, you would enter ca123456. Then click continue.

You can click 'Forgot Password' on this screen if you're having trouble remembering your password.

If you're an existing member, we recommend changing your password once you've logged in for the first time. See page 16 for how to change your password – you will need to be logged in to do this.

My Calibre

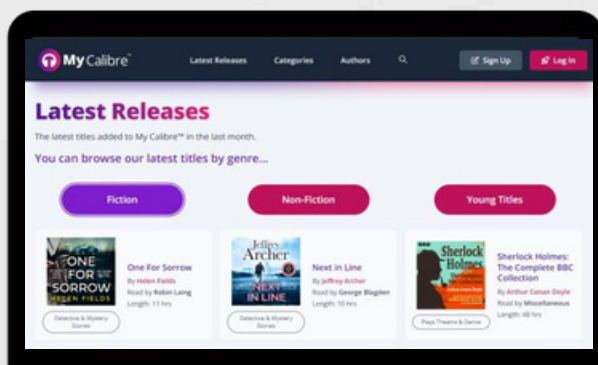

After you've logged in, the My Calibre dashboard will be displayed. This is where any audiobooks you have checked out on My Calibre will appear.

You can play your books, view your history and create reviews from here.

A maximum of 4 titles can be borrowed at a time. If you previously used our old streaming site, Play Calibre, any books or history won't be available to view on My Calibre.

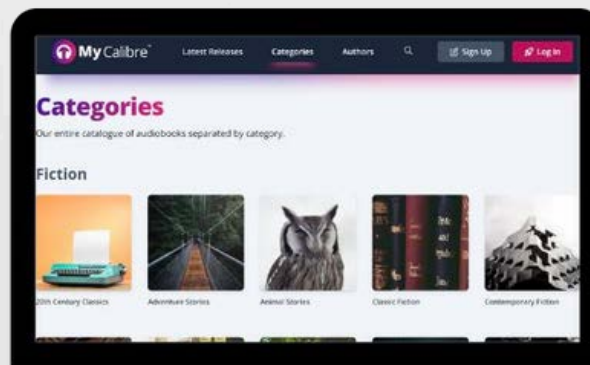

Browsing our collection

You can search our collection for books in one of three main ways:

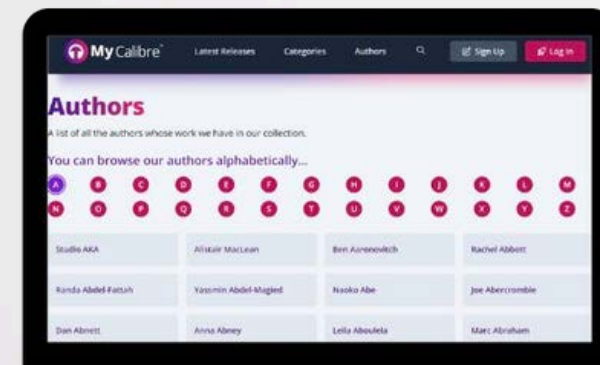

Latest Releases

This page displays the audiobooks released that month – filter the titles by clicking on the buttons and scrolling through the list.

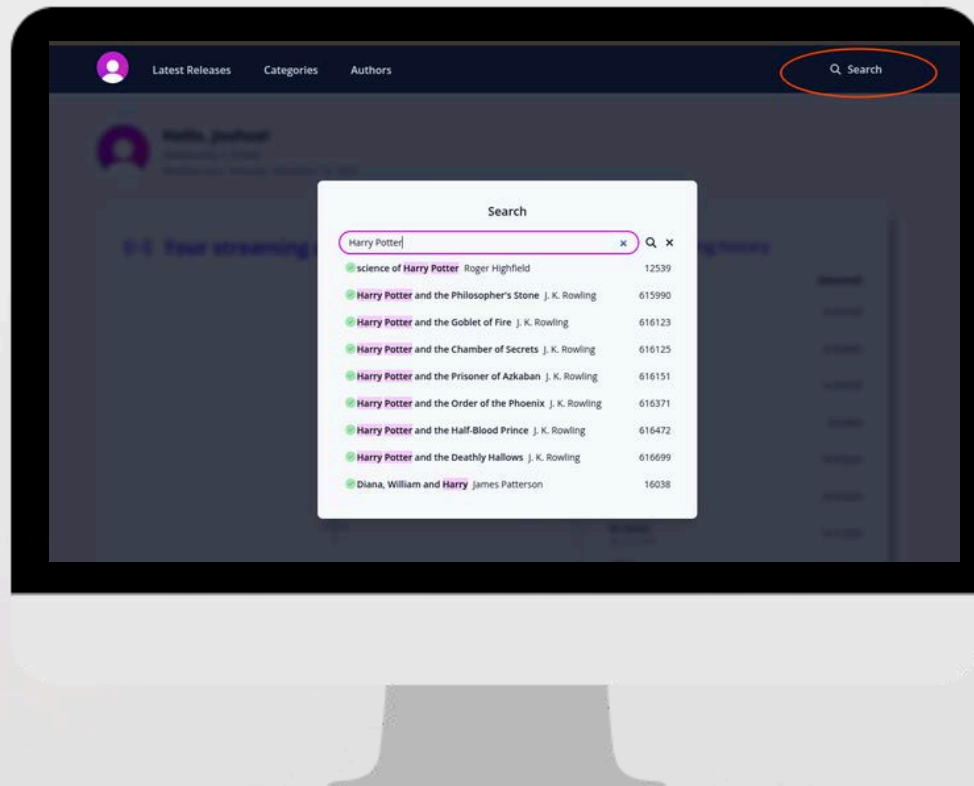

Categories

You can also browse our collection by category with our 70 fiction and non-fiction categories to choose from.

Authors

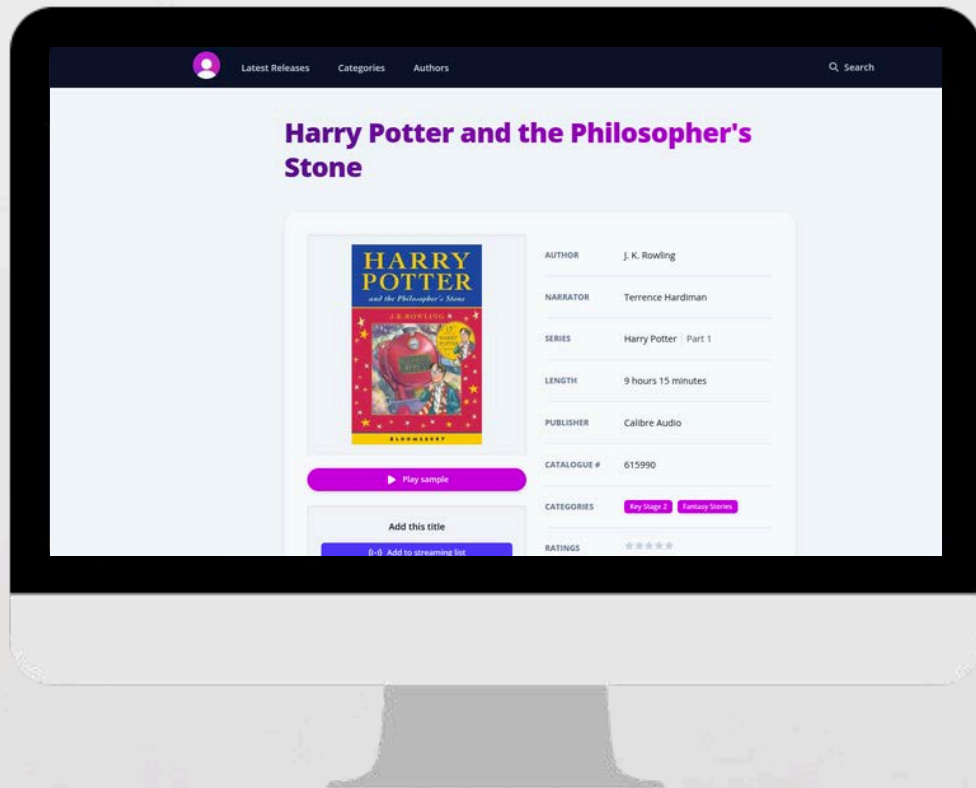

Or you can find an author and see a list of all their audiobooks we have in the collection.

Searching the collection

You can also search for audiobooks by using the search function in the top navigation bar. Click the magnifying glass to get started.

You can search by author, narrator, book number, or the subject matter. It will display a list of results for you to choose from. Click on the book title to get more information, listen to a sample, or add the book directly to your list.

Playing an audiobook

Here is an explanation of the player and its controls.

The player automatically bookmarks the track you are on. You can pause at any time and log out if you need to or you can leave yourself logged in. When you return, the audio will be where you left it.

Simple Player

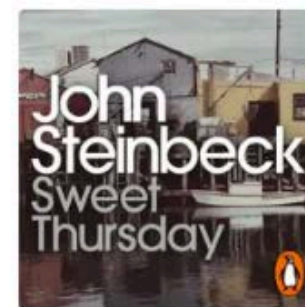

You can also select a plainer version of the audio player by toggling the Simple player button in your settings. Click on your account icon in the top left corner and select 'Preferences'

Next, check the 'Simple player' box under the 'Player' heading, then click "Update" in the bottom right.

Returning an audiobook

Once you've finished listening to a book, you can return it by selecting the 'Return' button. The site will ask if you're sure. Once you confirm, the book will appear in the "Streaming History" section of your dashboard, where you'll be able to see your previously borrowed titles.
